TFGMAS NETWORK HOSPITALS

All TFG Medical Aid Scheme benefit plans offer unlimited hospital cover. You are covered in any facility approved by the Scheme. The TFG Health benefit plan offers cover for planned admissions in a defined network. The TFG Health benefit plan currently makes available some hospitals which are partially funded and you need to familiarise yourself with these facilities as set out in this document to ensure that you limit any potential deductibles and payments from your own pocket.

KEYCARE HOSPITAL NETWORK

These hospitals apply to members on the TFG Health benefit plan. You must go to a hospital in the KeyCare Hospital Network for planned admissions if you are registered on this benefit plan. **If you do not use one of these hospitals for a planned admission, you will need to pay for these claims.**

KEYCARE CASUALTY HOSPITALS

On TFG Health you are covered in any network casualty unit at one of the KeyCare network hospitals. You have to pay the first **R520** of the consultation and cover is subject to authorisation. If you use a casualty unit outside of the KeyCare Casualty Network, you will have to pay the difference between what the Scheme pays and what is charged.
