

2024 Contribution tables

Full contributions with effect from 1 January 2024

These contributions (shown in Table 1) are the total amounts due to the Scheme. For active employees, the members' portion of the contributions is dependent on whether the member is on a Total Guaranteed Package (TGP) or Salary Plus structure, as indicated in the tables below.

Income verification may be conducted to determine whether you are registered in the correct income band. Income is considered as: Pensionable Pay in the case of an employee. In the case of an employee who registers a spouse, it is the higher of the member's Pensionable Pay or spouse's salary or earnings. For all other members, it is the higher of the main member or registered spouse or partner's earnings, commission and rewards from employment; interest from investments; income from leasing of assets or property; distributions received from a trust, pension and/or provident fund; receipt of any financial assistance received from any statutory social assistance programme.
